Professional Profile

Passionate Junior Web Developer with a solid foundation in frontend and backend technologies. Coming from a 7-year background in education, I bring exceptional communication, problem-solving, and teamwork skills to the tech industry. I am eager to combine my technical knowledge with my proven ability to adapt and learn quickly to build innovative, user-centric digital solutions.

Technical Skills

Frontend: HTML5, CSS3/SCSS, JavaScript ES6+, React.js, Reacts hooks and Responsive design

Backend: Node.js, Express.js, PHP, Python, RESTful APIs

Tools: Git, GitHub, Vite, VS Code, BEM Methodology, Agile, QA Testing.

Databases: MongoDB(NoSQL) and MySQL(Relational)

Featured Projects

Dinodex - Project TFG

HTML, CSS, JavaScript -> React, Node.js, MongoDB

A full-stack educational web application designed to eliminate children's math anxiety through gamification.

Project deployed in production with active users and organic traffic.

 [Render](#) |  [GitHub](#)

Canine Coach AI

Node.js, Express, JavaScript, HTML/CSS and REST API

REST API Fullstack AI-powered virtual dog trainer using the Gemini API to return structured JSON diagnostics.

 [Render](#) |  [GitHub](#)

Aqua-Flow Plumbing

HTML, CSS, JavaScript

Responsive landing page featuring a dynamic quote form integrated with Make and Gmail for real-time automation and urgency filtering.

 [Vercel](#) |  [GitHub](#)

Photos App

HTML, CSS, JavaScript and REST API

Photo search application using the Unsplash API

 [Vercel](#) |  [GitHub](#)

Dynamic Form Manager

HTML, CSS, JavaScript, Express

Multi-form application integrated with an Express.js backend for secure data persistence. It features a responsive UI and dynamic CSS design to ensure a smooth user experience.

Education

Higher Technician in Web Application Development

Thepower Education | 2024

Technologies: HTML, CSS, JavaScript, React, Node.js, Databases

Master's Degree in Web Development

Thepower Education | 2024

Technologies: HTML, CSS, JavaScript, React, Node.js, Databases

Professional Python Course (100h)

AEPI (Asociación Española de Programadores Informáticos) | May 2024

Key concepts: *Object-Oriented Programming (OOP)*, *Databases (SQLite)*, *Web Scraping (BeautifulSoup)* and *File Handling*.

Professional Experience

Primary and Physical Education Teacher

Liceo Ibérico School | Since 2017- Present

- Developed strong communication, leadership, and problem-solving skills by managing large groups and adapting strategies to diverse learning needs.
- Highly organized and detail-oriented, with a proven track record of planning, executing, and evaluating complex projects (curriculum design) in collaborative team environments.
- Eager to transfer this solid foundation of soft skills, adaptability, and teamwork into an agile web development environment.

Front-End Development Intern

Seccion9 | March 2026 - Present

During my internship, I migrated legacy WordPress sites to high-performance HTML, SCSS, JS, and PHP architectures. I ensured pixel-perfect responsive designs using BEM methodology and collaborated through Git/GitHub workflows to manage code deployments and QA testing.
